TIP OF THE MONTH

-Credit Card Use-

While having it's advantages, online shopping poses many potential threats to your financial security. Cyber fraud is a big business nowadays and individuals may be online looking to profit off of your misfortune.

Buying from known trusted sites and/or researching the company can help ensure that you are at low risk.

Use a Credit Card rather than a Debit Card. Credit card transactions can be disputed and tend to have better security measures such as theft detection and automatic cancellation.

Don't forget to "like us" NVCU on Facebook for the latest updates, conversations, and fun facts!
